Electric system wiring diagram

1 Battery	12 V - 60 Ah		
2 Generator	BOSCH EG(R) 14 V25A29 MARELLI DN 62 E/P		
3 Ignition distrib- utor	BOSCH VJ4 BR 35 mk MARELLI S-103 A		
4 Coil	BOSCH TK 12 A 19 MARELLI BZR 200 D		
5 Starting motor	BOSCH EF(R) 12V 0,7PPS MARELLI MT 54 B		
6 Voltage regu- lator	BOSCH VA 14 V25A MARELLI SD 368 A 300/12		
7 Windshield wiper	BOSCH WS 13/11 S 1a MARELLI TGE 93 A		
8 Horns			
9 Oil pressure gauge sender			
10 Water temperature gauge bulb			
11 Relay			
12 Fusebox			
13 Flasher unit, directional			
14 Blower motor			
15 Terminal board			
16 Cigarette lighter			
17 Fuel level sender			
18 Connections			
BULBS			
32 High beam (small head- lamps)		45/40 watts asymmetric	
33 High/low beam (large headlamps)		5/20 watts	
34 Parking & Stop lights		20 watts	
35 Front direction indicators			
36 Rear direction indicators			
37 Back-up lights			
38 Front parking lights			
39 Engine compartment light		5 watts globular	
40 Licence plate light			
41 Ceiling light		5 watts cylindrical	
42 Luggage compartment light			
43 Side direction indicator			
44 Instrument light			
45 Cigarette lighter lamp			
46 Generator warning light			
47 Blower warning light		3 watts tubular	
48 Parking light warning			
49 High beam warning light			
50 Fuel reserve warning light			
51 Direction indicator warning lights			

SWITCHES

- 19 Engine compartment light
- 20 Back-up lights
- 21 Stop lights
- 22 Windshield washer, foot operated
- 23 Windshield wiper motor
- 24 Blower motor
- 25 Dashboard lights (with built-in rheostat)
- 26 Ignition and starting
- 27 Parking lights, headlamps and flashing
- 28 Direction indicator
- 29 Horn control
- 30 Ceiling light (on post)
- 31 Luggage compartment light

CABLE COLOR CODE

- AZ blue
- BI white
- GI yellow
- GR grey
- MA brown
- NE black
- RO pink
- RS red
- VE green

The figure following the color code on the diagram shows the wire gauge in mm².
