*1: Alcantara® is a registered trademark of Alcantara S.p.A.

*2: WMA: Windows Media Audio Windows Media is a trademark of Microsoft Corporation.

※1: Shape of "Mesh type aero board" is different between soft-top and PRHT.

※2: Part of genuine leather used is the side, side support of seat (except the side part), seatback front, seatback side support (except the side part) and front part of headrests

※3: Alcantara® is used for seat (side support) and seatback (except side support)

※4: When Bose® Sound System (AUDIOPILOT™2)(+ 7 speakers + AM/FM, 6-disc CD changer with MP3/WMA playback capability) is selected, digital clock function is added.

※5: Digital clock function and AUX input jack are removed when Bose® Sound System (AUDIOPILOT™2)(+7 speakers + head unit less (for installing HDD navigation system for Bose® Sound System)

※6: Part of the frame structure is a steel frame (extension part)

●SRS: Supplemental Restraint System: Dual SRS air bag system may not work when in impact from the side or back direction, or when vehicle turns over (and turns over on its side), or when in a weak frontal impact. SRS seat-mounted side air bag system works when sensing impact from the side direction (*Only the sensed side of system activates), but may not activate when in a frontal impact or in a weak impact. SRS air bag system works effectively only when passengers fasten seat belts properly.

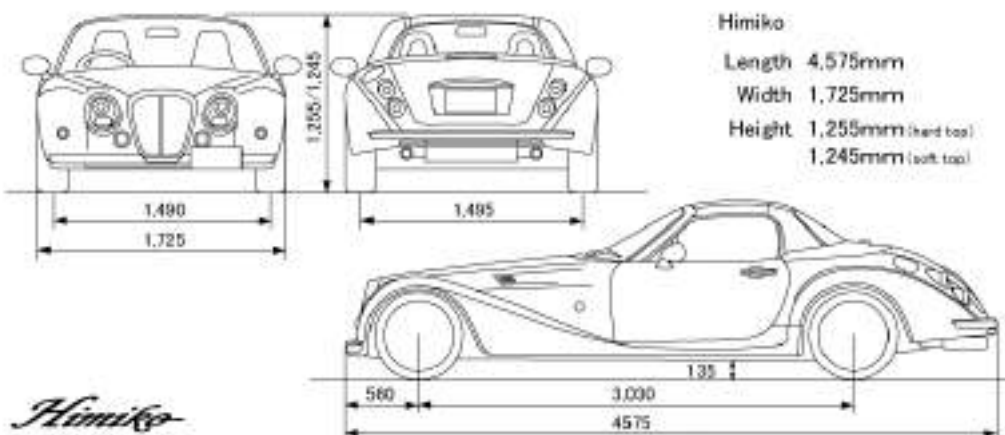

●Advance keyless entry system & start system may not work properly when you carry it with electrical devices which transmit the radio wave, such as a portable phone, PDA, etc. In that case, use Advanced key separated from such devices.
